

CITY'S ASSESSED VALUATION INCREASES OVER 100 PER CENT IN TWO YEARS

ANNUAL JINX WILL BE HELD BY ELK LODGE JULY 30

Committee Is Making Large
Preparations for Event;
Program Is Varied

Big "doins" are being planned for the members of the Glendale Elks' lodge on the night of Saturday, July 30, when they will hold their annual summer social gathering and jinx. The affair will be staged at the club rooms on Colorado boulevard, and will consist of boxing, wrestling, bag punching and various other forms of entertainment.

The entire show will be in charge of the regular jinx committee, and that body of enthusiastic promoters is making plans to make it the biggest and best event of its kind ever put on by the local B. P. O. E. The committee is made up of J. H. Oliver, A. L. Ferguson, Vincent Salmacia, J. T. Timmons and Will Chapman.

Local Men In Clever Acts

Besides the numbers on the program already mentioned, which will be put on by outsiders, several nifty and clever acts will be presented by members of the lodge. The famous "1289" orchestra will be on hand to add "jazz" to the occasion. Although most of the members of the lodge will avail themselves of the opportunity of attending the celebration it is estimated that several hundred visiting Elks will be present.

P. C. Mason Returns From Eastern Journey

P. C. Mason of 625 North Maryland avenue has recently returned to this city after a two-months' trip through various parts of the east. His wife and son, Lloyd, who accompanied him on the trip, remained in Appleton City, Mo., where they will be guests of Mrs. Mason's parents, Mr. and Mrs. V. L. LaBier, until November.

Mr. Mason, who is business manager of "Endocrinology," a bi-monthly medical publication, attended the annual meeting of a medical association at Boston on June 6. The meeting was held in connection with the national convention of the American Medical association.

On his return trip Mr. Mason visited several points of interest in Maine, New Hampshire, New York and numerous other places en route.

Wallace M. Stokes to Depart for Illinois

Wallace M. Stokes, who has been living at the home of his cousin, Mrs. F. H. Eilers of 115 North Adams street for the past year, leaves Friday for his former home in Highland, Illinois. During his stay in this city Mr. Stokes has attended the University of Southern California, where he was enrolled as a commercial student. He will complete his course next year, as he is planning on entering the Illinois state university at Champagne, Illinois, in September.

Mrs. Kaemmerling Is Hostess to Visitors

Mrs. G. Kaemmerling of 340 North Orange street entertained for three days this week, Mr. and Mrs. Karl Biehler of Los Angeles. During their stay Mr. and Mrs. Kaemmerling and their guests enjoyed several delightful motor trips over the Ridge route and through Calabasas. Mrs. Kaemmerling and Mrs. Biehler were friends when they were students at Central college, Lexington, Mo., and the opportunity to renew their friendship was a great pleasure to both.

Mr. and Mrs. Rene Olin Are Parents of Boy

Mr. and Mrs. Rene Olin of 400 North Isabel street are the proud and happy parents of a son, born July 15. Mr. Olin is assistant manager at Universal City and has named the future star Robert Glenn. The little boy is the third child in the Olin family, but a very important addition as he is the first boy.

Mr. and Mrs. Andrews at Santa Monica Canyon

Mr. and Mrs. C. A. Andrews of 329 Orange street, accompanied by Mrs. L. T. Rowley and daughter, Virginia, of this city, spent the past week-end at Santa Monica Canyon.

BOYS AND GIRLS IN EAGER EFFORT TO GET BICYCLE

Dick Ahrens Leads Members
of Club Today; Others Are
Pressing Him Close

Two score boys and several girls are fighting to be the first to secure one of the classy Harley-Davidson auto bikes which The Glendale Evening News is giving away to every one who gets twenty new yearly subscriptions or their equivalent.

An inspection of the \$65 wheel has convinced practically every one of the entrants in the bicycle subscription club that it is well worth their endeavor. The first award will probably be made next week.

Dick Ahrens of 355 West Salem street, whose father is one of the proprietors of the Bread Box Bakery at the Sam Seelig Public market, is leading the field. John Diederich of 327 North Belmont street, son of the plant superintendent of the Public Service department, also is making speed in getting the required amount of business.

Family Well Represented
The Mitchell family of 353 West Elk is coming in strong for bicycles with Howard, Delvin and Alma and Olive each entered for a bicycle. The more bicycles The Glendale Evening News can give away, the more satisfied A. T. Blanford, manager of the subscription club, will be. And The News' supply of wheels is unlimited.

There are many others out working for these valuable wheels and on the basis of present reports seven days' diligent work should win the prize. Entries in the club can be made at any time and there is always room for one more. The great offer closes September 1, when it is expected that every energetic boy or girl will be equipped with a bicycle to go to and from school.

If you are interested come in and see Mr. Blanford at once. The address is 139 South Brand.

Mrs. A. S. Chase Gives Very Pretty Luncheon

Mrs. A. S. Chase of 400 Riverdale Drive was hostess today at a very pretty yellow and white luncheon in honor of Mrs. David English and Mrs. Ethel Oliver of Collingswood, New Jersey, who are the house guests of Mrs. English's sister, Mrs. Walter Patterson of 363 Riverdale Drive.

Luncheon was served at 1 o'clock and covers laid for twelve, the guest list including Mrs. Walter Patterson, Mrs. George Lyons, Mrs. E. D. Yard, Mrs. C. M. Calderwood, Mrs. Helen A. Hanscomb, Mrs. Collin Cable, Mrs. Richard Gilbert, Mrs. Leroy Bossert, Mrs. H. H. Laubach of Los Angeles and the guests of honor, Mrs. David English and Mrs. Ethel Oliver.

Mr. and Mrs. A. Formoe Entertain for Guests

Mr. and Mrs. A. S. Formoe of 471 West Lexington drive had as their guests Monday several friends from Oakland who motored down and were on their return trip after having stopped in Los Angeles, San Diego and other places of interest. The party included Mr. and Mrs. E. Whitmarsh and daughter, Eleanor, Mrs. Whitmarsh's sister, Mrs. Isabel Detrie, and Mr. Whitmarsh's brother, H. Whitmarsh.

Harding's Picture to Harrower Is Displayed

A very attractive photograph of President Warren G. Harding, in a beautiful gold frame is on display in the window of the Glendale Book store. At the bottom of the picture is inscribed the following: "To Dr. Henry R. Harrower, with very great respect and most cordial good wishes—Warren G. Harding." The frame of the picture is draped with a silken American flag and is attracting considerable attention.

WILL THEY WED TODAY?

The vital record of a Los Angeles morning paper on Tuesday announced the fact that a marriage license had been issued to Marcella E. Miller and Donald K. McLeod. The date of this wedding has been kept a secret from their friends, but there is a belief the ceremony is to be performed today. McLeod cannot be found by his friends and Miss Miller declines to make a statement.

Today's World News In Brief (By United Press to Glendale Evening News)

NEWSPAPER MAN IS ELECTED TO CONGRESS FROM IOWA
CEDAR RAPIDS, Iowa, July 20.—Cyrus Cole, editor of the Cedar Rapids Republican and Times, was elected congressman from the fifth district to succeed James W. Good over John N. Hughes, the democratic and non-partisan candidate, the majority being estimated at 2950 votes.

PASSENGER LINER QUEEN IN DISTRESS NEAR MONTEREY
SAN FRANCISCO, July 20.—The passenger liner Queen, plying between Portland, San Francisco and San Pedro, is reported broken down off Point Surr, near Monterey. On receiving the vessel's distress calls, the tug Sea Monarch left here early this morning to render aid. The Queen has a large number of passengers aboard. The vessel's engines are reported disabled. She will be towed in by the Sea Monarch.

JAPANESE ARE DRIVEN OUT OF TURLOCK AT NIGHT
MODESTO, Cal., July 20.—Aroused by failure of the Turlock Chamber of Commerce to sanction a boycott against the Japanese, raiding parties at midnight loaded all the Japanese in Turlock onto trucks and drove them out of town. The Japanese were taken to Keyes, an isolated station, where they were loaded onto a north-bound train. The Turlock men were angered by the fact that orientals, working at lower wages, had forced whites out of jobs as fruit workers. The boycott would have been directed at all producers who employed Japanese labor.

SHOOTS AT COMMISSION IN COURT; WITNESS WOUNDED
BUFFALO, N. Y., July 20.—Charles K. Reynolds, Buffalo, enraged at Deputy Commissioner Charles K. Blatchy of the state industrial commission for not allowing him compensation under the workmen's compensation law, shot at the commissioner three times today in the equity department of the supreme court. Anthony Adardce, 40, who was testifying at the time of the shooting, was struck by a stray bullet in the base of the skull and probably fatally wounded. The commissioner at the beginning of the shooting dodged behind a bench and was unharmed.

FILIPINO LEADER IS NOW EN ROUTE TO UNITED STATES
SHANGHAI, July 19.—Manuel Quezon, the Filipino leader, left today for the United States, via Japan. Quezon took occasion before leaving to deny reports that he had opposed the Woods-Forbes mission in the Philippines. He said he was confident that the report of the mission would be liberal and not reactionary. He stated that the majority of the Filipinos want an independent protectorate under the United States government. If necessary, however, they would be willing to take their chances on full independence without a protectorate, he said. "The Filipinos are friends of the United States," Quezon said. "In case of a war in the orient involving the United States the Philippine Islands would raise an army of 1,000,000 to aid the cause, even if complete independence without a protectorate were granted."

POLICE IN HUNT FOR MISSING MAN AND KIDNAPERS
SHARON, Pa., July 20.—Police today speeded over the road to Franklin and Meadville in an effort to apprehend Thomas M. Randolph, 32, and his supposed kidnapers, who have demanded \$50,000 ransom for his release. Randolph was seen by an old acquaintance less than ten miles from here yesterday and more than fifteen hours after his supposed abduction, police were informed. At that time he was driving his automobile and was accompanied by a man and a woman. Just before dawn today Randolph telephoned to his wife here from a hotel in Franklin. Police were notified to detain Randolph, but when they arrived at the hotel he had left and the chase began. Randolph supposedly was kidnaped Monday night, when he disappeared. Yesterday morning his father received a letter signed "kidnapers" demanding \$50,000.

STARTS OUT TO GET SCALP OF FEDERAL RESERVE BOARD
WASHINGTON, July 20.—"Big Chief" Tom Watson of Georgia started on the warpath today. With a grim smile as war paint and a keen edged rhetorical tomahawk, he is after the scalp of the federal reserve board. Since the advent of the Georgia firebrand in the senate his colleagues have expectantly awaited the "outbreak" of the "chief" as his clerks call him with affectionate deference. The "war cry" of the "chief" was a resolution couched in the bitterest denunciatory terms directing President Harding to "fire" the present members of the board and replace them with "men of affairs" who are not to be "servants of Morgan, Standard Oil, packers and other legalized marauders." "I'm going to camp on their trail like a hungry coyote after a corpulent jack rabbit," declared the "chief." "And the coyote usually gets his meat."

STOCK MARKET OPENING IS SLOW AND IRREGULAR

NEW YORK, July 20.—The hesitancy which has marked early stock market sessions recently was in evidence again today. The start was slow and irregular. Four speculative leaders were unchanged, but one of them, Mexican Petroleum, dropped a point within a few minutes. The four opening prices were: General Asphalt 50; United States Steel 72 3/4; Studebaker 79 1/2 and Mexican Petroleum 104 1/2. Atlantic Gulf opened at 21 1/2, up 1/4, but quickly sold off to 21; Canadian Pacific was off 1/4 at 109 1/2; New Haven lost 1/2 at 18 1/2 and Reading was up 1/2 at 68 1/2. A lower quotation on Sterling was a depressing factor. Opening prices included: Central Leather 37 1/4, up 3/4; American Tobacco 123 1/2, unchanged; Texas Company 33 1/2, unchanged; Bethlehem B 68 1/2, up 1/2; Royal Dutch 52 1/2, up 3/4; Baldwin 75 1/4, up 3/4; American Sugar 69, up 1/2. The market continued strong through the first hour with oils, industrials and rails sharing about equally in the advance. The average gain in dividend paying rails was better than a point. Industrials which have had a large short interest, were the feature. These included independent steels. Bethlehem B got above 48 and Crucible was up a point at 55 1/2. Mexican Petroleum rallied two points. U. S. Rubber sold at 51 1/4, a recovery of about four points from the low which followed passing of the dividend.

IMPROVEMENTS FOR GRAND VIEW ARE BEING PLANNED

Members of Association In
Session at Residence of
H. J. Edwards

A meeting of the Grand View Improvement association, of which J. H. Randall is chairman, was held last night at the home of H. J. Edwards on Tenth street with about fifty members present.

Matters were discussed pertaining to improvement of streets in that district, schools, and transferring the mail service in the district from a Burbank R. F. D. to Glendale service.

No definite action was taken, however, other than the appointment of committees, which will report at the next meeting to be held three weeks from last night.

Members of the Grand View Improvement association are taking a great deal of interest in matters affecting the district and all are working for the improvement of that section.

Miss Anabel McClellan Entertains at Dinner

Miss Anabel McClellan of 126 North Central avenue was hostess to a small group of young people on Monday night when she entertained at a delightfully arranged dinner party at her home. The home was prettily decorated in red and white carnations, with numerous clusters of roses draped artistically throughout the rooms.

After the dinner which consisted of a delicious four-course affair, the happy guests spent the evening in dancing and music.

Those who enjoyed Miss McClellan's hospitality were Misses Jessie Jones and Peggy Blake, Verne Nyman and Ralph E. Miles.

Former Service Men Enjoying Camping Trip

Word has been received from W. J. Carter and E. L. Young, both former service men at Thornycroft Farm, to the effect that they are having "the time of their lives" on their camping trip at Three Rivers, California. The two young men left Glendale in a machine several weeks ago, taking their time en route and camping along the roadside every night.

At Visalia they were entertained for several days by relatives of Mr. Young, after which they completed their journey to their present location at Three Rivers. They will return to this city within the next two weeks.

Miss Lura Baldwin Is Hostess at Luncheon

Miss Lura Baldwin entertained at luncheon today at the home of her sister, Mrs. G. E. Leaton, 504 East Raleigh street, her guests being Miss Viola Butterfield and Miss Frances Wells of Los Angeles. Both the young ladies are students at the University of Southern California and with Miss Baldwin, who is a Glendale High school girl, are attending the summer session at the university.

D. C. Stevens Comes Here, Builds Residence

Mr. and Mrs. D. C. Stevens who have recently come to Glendale to make their home and are stopping at 336 North Orange street, enjoyed a pleasant evening at Venice, Sunday, their guests being Carl Cannon, Miss Ruth Cannon and their aunt. The Stevens are newcomers in this section. Mr. Stevens is a building contractor, and though he has been here but a few weeks is getting a nice start in his line of business. He is just completing his first contract in Glendale, a house at the corner of Belmont and Lexington.

Mrs. Ethel M. Young at South Sea Island

Mrs. Roberta T. Young of 469 Oak street has received word of the safe arrival of her daughter-in-law, Mrs. Ethel M. Young, at Tahiti, South Sea Islands. Mrs. Young and little son, Dick, have been residing with her mother-in-law, and will be away about three months. Upon her return she will be met by her husband, Charles H. Young, of New York City, and they will then make Glendale their permanent residence place.

ABOUT TWELVE MILLIONS ESTIMATE PLACED UPON GLENDALE PROPERTY SHOWS RECORD-BREAKING GROWTH

Actual Total May Be Closer To Thirteen Millions
Is Belief; Revenue For Advertising City Is
Suggested By Chamber Of Commerce

By GIL A. COWAN
GLENDALE property's assessed valuation totals more than \$12,000,000. That is the figure based on information available to the county assessor on the first Monday in March of this year. The last fiscal year showed an assessed valuation of \$9,385,525. The year prior to that it was \$5,504,481. This shows an increase of more than \$3,000,000 a year and better than 100 per cent increase in a two year period.

ASTOUNDING as these figures may seem, according to J. W. Stauffacher, city treasurer, the "more than \$12,000,000" reported by the county treasurer's office—for that office does the tax collecting—is only up to July 1 and does not include much personal property on which taxes are still to be paid, nor does it include recently annexed sections of this city.

It is probable that the actual total is in the neighborhood of \$13,000,000. And to show the leaps and bounds by which the amount of taxable property is increasing in Los Angeles county, it is estimated by the treasurer's office that 28,000 houses have been built since the first Sunday in March. Glendale has had its share of this growth, too.

In more than one way is this news encouraging to both officials and citizens of Glendale. It means more money for the city's business. In discussing the budget, which will come before the council for adoption next week, City Manager T. W. Watson yesterday afternoon told the Chamber of Commerce board of directors that there undoubtedly would be more funds available than had been appropriated, due to the fact that the revenue and expenses had been figured on a basis of a \$10,500,000 assessed valuation.

With \$1.00 per each \$1,000 assessed valuation to be levied under California's tax laws for a municipality's general expenses, Glendale will have in the neighborhood of \$130,000 revenue from this source. This means that there will be possibly \$25,000 available for things not included in the budget.

A motion was made by Peter L. Ferry that a committee be named by the Chamber of Commerce to confer with the city officials on obtaining an appropriation for advertising, the sums of \$7,000 and \$10,000 being named. It was seconded by J. G. Huntley and unanimously carried. President C. C. Cooper named C. D. Lusby, George H. Bentley and Mr. Ferry as the committee to confer with City Manager Watson first and appear before the council in behalf of giving Glendale the promotion that it has merited.

Among other matters mentioned was the necessity for an auto park and it was the city manager's suggestion that the park in the western section of the city where the swimming pool is to be constructed out of a bond issue recently voted would provide an ideal site temporarily. He advocates using available funds for the improvement of this plot.

No Heavy Business Tax
In speaking of the heretofore limited advertising appropriation, Mr. Watson called the business men's attention to the fact that Glendale has not resorted to a severe business license tax in recent years, but has used such a law where police regulation or inspection is necessary.

A detailed statement of the budget is now on file at the city clerk's office and Chamber of Commerce headquarters, 115 West Broadway, where the public may inspect the estimates which have been prepared by the different heads of the municipal departments and placed in form by City Manager Watson for the council's approval.

Lawrence Ellis Takes Position as Manager

Friends of Lawrence Ellis, formerly of Glendale and who has been with the Rhodes company in Seattle, will be pleased to learn that he has accepted a position as manager and eastern buyer with the A. C. Hale department store at San Jose. Mr. Ellis starts for New York on a business trip the first of August. Mr. and Mrs. Ellis and family are now at home at 152 Race street, San Jose, and are expecting a visit from Mrs. Ellis' parents, Mr. and Mrs. C. H. Ravenscroft of Glendale, some time in August.

Roger Rees, also formerly of Glendale, has taken the position with the Rhodes company in Seattle formerly held by Mr. Ellis.

CAT CLUB MEMBERS MEET TO DISCUSS SHOW DETAILS

Blue Ribbon Felines Will Be
Exhibited; Date Is Not
Yet Selected

Miss Clarabel Grim of Grand View avenue was hostess on Monday afternoon to the members of the Glendale Cat club at a combination business and social meeting. Besides the regular business which took place a lengthy discussion was held in regard to the staging of a big cat show in Glendale during the coming winter. Complete plans for the affair have not yet been formulated, although definite arrangements will be announced in the near future.

Novelties Being Made
During the afternoon the ladies all took part in the making of catnip novelties, which will be placed on sale at the coming show. Delicious refreshments were served by the hostess throughout the meeting.

Those present were Mesdames George Mason, Fred Hendrickson, O. Hutchison, M. Baxter, G. Dewey, Dr. Libbie W. Ashcroft, Dr. Pearl Rittenhouse and Miss N. Dewey.

Miss Bacon Accepts Position as Teacher

Mrs. E. V. Bacon of 1335 South San Fernando road is in receipt of a letter from her daughter, Miss Regina Bacon, who is spending the summer at Lake Tahoe, telling of her acceptance of a position for the coming year in the Santa Ana high school.

Miss Bacon, who has specialized in vocational training, will probably be in charge of that subject at the Orange county institution. For the past two years she has taken a post-graduate course in the southern branch of the University of California.

Virginia Rowley Is Honored on Birthday

Mr. and Mrs. L. T. Rowley of 334 Vine street entertained a small group of friends at her home last night in honor of the thirteenth birthday of her daughter, Virginia. The affair was entirely an informal one, with music and games forming the main diversions of the evening. A delicious course of refreshments, consisting of ice-cream and cake, was served by the pleasing hostess.

Those who enjoyed the affair were Mr. and Mrs. L. T. Rowley, Dorothy Rowley, Virginia Rowley, Mr. and Mrs. A. R. Chappell, Marguerite Chappell and Eloise Knaus.

Albert G. Cornwell Named on Bank Board

At an adjourned meeting of the board of directors of the Glendale Savings bank held Tuesday night, Albert G. Cornwell, of the firm of Cornwell & Kelly, was elected a member of the board.

Mr. Cornwell is one of the leading business men of Glendale, having been in the hardware business here for about ten years. He has a host of friends here.

Picture Studios Are Put on Strike List

LOS ANGELES, July 20.—With 850 skilled studio workers on strike today, and two more of the largest producing organizations slated for the "strike list" tomorrow, the impending general tie-up of the motion picture industry loomed as an immediate possibility.

The Universal and Robert Brunton studios are to go on the "strike list" tomorrow, according to announcement by Verne Ostendorf, secretary of the joint strike committee of the central labor council.

Both these companies are said to have followed the precedent of other producers and reduced wages \$1 a day for electricians, painters and carpenters.

The Buster Keaton and Hamilton White Productions studios were the latest units to be added to the strike list, which already affected Famous Players—Lasky, Goldwyn, Fox, Hal Roach, Metro, Realart and Century.

Walter J. Reynolds, secretary of the Motion Picture Producers' association, was optimistic over the strike situation today, and predicted that the available non-union skilled labor would be able to care for the situation.

'BILL' BURNS TELLS HOW BALL GAMES ARE PURCHASED

Former Big League Pitcher
Resumes Stand in Trial of Seven Ex-Players

By CARL VICTOR LITTLE
United Press Staff Correspondent
CHICAGO, July 20. — "Bill" Burns, confessed baseball renegade, told the jury today the tale of how "sure thing" gamblers bought and paid for the 1919 world series.
Burns, former big league pitcher, resumed the stand against the seven former White Sox players, with whom he said he plotted to deliver the 1919 classic to gamblers.
The witness, admitting he was the go-between, turned state's evidence and continued his story of the "shame of baseball."
The state's star witness was led into court by the armed guard of deputy sheriffs which is constantly with him. The detail stays with Burns at night in his hiding place.
Burns resumed the stand as state's evidence.

"Before the third game I went to Abe Attel," said Burns.
"I asked him for the \$20,000 he agreed to pay for the first game.
"He said \$10,000 was enough and that no more would be paid by Arnold Rothstein, a New York gambler, as he had \$200,000 out in bets.
"Attel took me to a room where there were several gamblers. He lifted up a mattress and I took \$10,000 which was underneath.
"I was told Rothstein kept a wire open all of the time between New York and Cincinnati during the negotiations and also during the game to keep informed on how things were going."

Defense Makes Objection
The defense attorneys objected continuously as Burns told his story in a matter-of-fact way.

"When I took the \$10,000 I told Attel I didn't think the players would accept it," Burns continued. "I tried to get Bill Maharg to take it to them but he wouldn't, so I did.
"As I went from the gamblers' room to the players' room I met Kid Gleason, White Sox manager.
"Risberg, McMullin and other players were in the room. Cicotte and Candil came in later.
"The players asked me if I had double crossed them. I told them \$10,000 was all I had.
"I said I hadn't double crossed them at all, but brought all the money I could.
"I gave them the money and asked about the game the next day."

Wanted Small Odds
"I told them Attel wanted the Sox to win the third game because the odds were going against Chicago.
"He wanted small odds so they could bet on Cincinnati to win the series."
Burns chewed his gum fiercely as he further unfolded the tale that rocked the sport world. Fans leaped forward in their seats to catch every word that was being said about the men they once worshiped.

They heard the allegation that Eddie Cicotte ran around New York with a "for sale" tag on the world series and how gamblers made the purchase for \$100,000.
He recounted how "Kid" Gleason, the venerable White Sox manager, interferred with the "fixed series" when Little Dickie Kerr was put in the pitchers' box in the third world series game instead of Cicotte.
Cicotte had agreed to lose the game, Burns testified, and the gamblers, led by Attel, who the witness stated, called himself "Abe," the agent of Rothstein, the gambler, placed large sums of money on Cincinnati to win.
This money was lost, said Burns, when Kerr went to the box and pitched a shutout game.
Bitter quarrels between the gamblers and the players ensued, according to Burns, during which the players were accused of "double crossing" the gamblers.

Watching Scoreboard

Yesterday's hero—Tony Boeckel. The Braves' third baseman hit a homer in the ninth inning and beat the Cards 3 to 2.
Ainsmith threw wild trying to catch Ruth on the bases and the bambino scored with the run that gave the Yanks a 6 to 5 win over the Tigers.

Erickson's wildness allowed Cleveland to beat Washington 6 to 4. Steve O'Neill worked behind the plate for the first time since he was hurt.

Hollocher's pass, Kelleher's triple and Grimes' sacrifice fly in the 13th inning gave the Cubs a 3 to 1 win over the Robins.

Roush's homer in the eighth helped the Reds beat the Phils 6 to 4. Geary, a rookie, pitched for the Reds. John Collins' single in the third inning drove in the run with which the Red Sox beat the White Sox 1 to 0.

With two down in the eighth Jacobson singled and Severide and Gerber doubled. The Browns beating the Athletics 5 to 4. It was five straight for the Browns.

The Pirates mauled four Giant pitchers and won 10 to 1.
The Portland tallenders made the San Francisco Seals work to get the long end of a 4 to 3 score yesterday. The Beavers sprung a surprise by displaying a good brand of ball.

By defeating Sacramento, 7 to 2, Vernon weakened the Senators' hold on second place.

Oakland and Seattle, by both winning, continued their deadlock for third place. The Oaks took the Salt Lake Bees into camp to the tune of 11 to 7 and the Indians defeated the Angels 11 to 3.

The Oaks posed as an all-star Babe Ruth aggregation, three home runs featuring their batting. Homers by Miller, Krause and Arlett were responsible for a total of seven runs.

Carroll (Deacon) Jones, Sacramento pitcher, was today unconditionally released. He leaves tonight for Kansas City. Jones, who came to the Solons from the Portland club, has made but two starts this year and had to be relieved both times.

SAYS RUSSIA WILL DOMINATE EUROPE IN FIFTY YEARS

Well Posted Observer Is Of Opinion That New Dawn Is Due For Country

By EDWIN W. HULLINGER
United Press Staff Correspondent
PARIS—"Russia will dominate Europe within fifty years, politically, culturally, perhaps even militarily, just as Spain, Sweden, France, Germany and other western powers did during centuries past."

This is the expressed opinion of a surprisingly large number of well-posted observers of current history here, in both academic and diplomatic circles. Frequently the admission comes grudgingly, if the interviewer be French, for no Frenchman will willingly admit that his country's "day" is setting. But few will deny this trend of events.

The day of the western European powers is already on the wane and the center of gravity of European civilization will soon shift across the Carpathians. Russia will be the next great nation to make its master contribution to mankind and Russia's day is coming soon, these men say.

Favorable Position
There are many factors which place Russia in a particularly favorable position as regards the rest of the continent.

Physically Russia is by far the strongest economic unit in Europe. She is the only nation on the continent that can be absolutely self-supporting, as the term is used in the relative sense applied to the United States. She has her own coal for her industries and railways; raw products for her factories and plenty of grains and foods for her population.

Despite the conditions said to prevail in some of the larger cities at present, Russia has not been weakened by the war as have France, Italy and Germany. Nor has the Bolshevik regime permanently depleted or drained the deep reservoir of national reserve power. Figuratively speaking, Russia has simply received a hard rap that stunned temporarily.

Given time to reorganize industries—not a lengthy process, broadly speaking—given peace, both internal and external, Russia will quickly represent the most powerful economic force on the continent.
Russia is already undergoing a political awakening. For years European statesmen have secretly realized the tremendous power latent on the other side of the steppes and trembled at the thought of the time when it should become active.

Into Foreign Lands

The Bolshevik revolution sent thousands of former or prospective political leaders in foreign lands where their knowledge of practical world affairs has been enlarged and their eyes opened to their own country's possibilities. When this tide of immigration flows back into Russia, it will have a profound effect on Russian policy.

The reign of the Red has also stirred the minds and hearts of the peasant masses as they have never been moved before. The returning exiles will find far more attentive listeners and ready followers than they might have found had it not been for such cataclysm. For the Slav mind works deeply and slowly and is not disturbed by purely surface stimuli.

Political observers predict an unprecedented era of progressiveness in Russia during the next few decades. Unrestricted by the weight of tradition encumbering the western European countries.

Offers Favorable Field
Russia will offer an unusually favorable field for development of new and constructive ideas. Artistically, Russia is already the "coming" nation of Europe. Russian music is the vogue in concert halls and drawing rooms and there is every reason to believe that, as Italy, Germany and France in turn held the place of prominence in the musical world, so Russia is about to hold the world's ear.

The next great contribution to civilization's wealth of philosophy will probably come from Russia, many insist. Rome, France and Germany have all made their gifts and have little more to add. Russia, the largest body of humanity on the continent, has not—as yet.
The Slav mind, meditative, dreamy, patient, has for centuries been absorbing the best ideas produced by the best brains of all lands. Russian writers, such as Tolstoi, Turgeneff, Tchekoff, and others have already won a seat for their country in the halls of literature.

Ice-Bound for Four Years; Studies Arctic

SEATTLE—Capt. Joseph F. Bernard, scientist-explorer, was for four years ice-bound in the frigid wastes of the Arctic.

Bent on out Vilhjamuring Stefansson, he is going back for more. He is now on the way to Nome, Alaska, to equip another expedition to study the anthropology of the frozen regions.

Commanding the schooner Teddy Bear, Captain Bernard set out from Nome in 1916, proceeding to Coronation Gulf, 1400 miles to the north. Here the heavy ice hemmed in the vessel which was turned eastward along the Arctic islands. On August 19, 1917, off Taylor Island, the Teddy Bear was frozen fast in the ice, and there it remained, according to Captain Bernard, until September, 1919.

So Captain Bernard had plenty of time to make observations. Here are some that he made:
That the Arctic peoples are being

exterminated by disease and contact with civilization.

That fur and clothing producing caribou are becoming extinct and that within ten years the Canadian government will be forced to provide for their subsistence.

That wars between various tribes and custom of retaining women captives gave all the Arctic region a common language base and similar customs.

Charged With Attempt to Swindle Bankers

NUEVO LAREDO, Tex., July 20.—Jose Torres has been apprehended by Mexican federal authorities in Monterey, Nuevo Leon, charged with attempting to swindle Mexican and American banks of sums said to total \$50,000.

Torres is alleged to have forged the name of the National Bank of Nuevo Laredo, to a communication addressed to the Sada Paz & Brother bank at Monterey, stating that a \$10,000 bill of exchange had been sold him.

Telegraphic communications from the American bank revealed the falsity. Torres was arrested when he presented his false bill of exchange. Charges of similarly swindling three other banks in Monterey and Texas were lodged against him.

JACKIE COOGAN, IN GLENDALE, MIXES NICE MUD PIES

Little Picture Star Plays With Children While His Mother Is In Hospital

"Let me put the raisin in the pie." It was Jackie Coogan speaking to several playmates yesterday afternoon at the Glendale Sanitarium and Hospital, for he is there this week. And he is pretty well known at that institution, too.

First time he found out about what a nice place for "sick folks" Glendale boasts was after he had awakened from unconsciousness caused by an automobile accident. That was just after he had completed the now famed "Kid" picture for Charlie Chaplin. Several weeks ago after his return from New York he had a minor operation performed here and now it is his mother that causes the hero of "Peck's Bad Boy" film to mix mud with Glendale children.

Mrs. Coogan is confined to her bed by an attack of bronchitis, but that doesn't keep her son in the immediate vicinity, so he is out having the time of his young life until he starts working on five feature productions for the Jackie Coogan Productions which his father has organized.

Can't Tell Loud—Yet Jackie's throat is still sore from what the doctors did to it, yet he can have as much fun, even though he cannot yell as loud as the rest of the little "kids." And in his play this little urchin who upset New York and did everything possible in the way of publicity stunts until he was afflicted with pneumonia, does not display the least sign of being spoiled. However, he is clever in the way he does things and shows none of the bashfulness characteristic of a child of his age.

"The Kid" is getting all of the enjoyment out of life possible for he has a whole year's work ahead of him, according to Victor Herman, the director of his new series. Space at the Brunton studio will be used for interiors while it is probable that many of exteriors will be "shot" here.

Prodigies Fade Fast, so Watch Young Folk

LONDON—Just now, following on the rise to fame of Daisy Ashford and various child prodigies, Sir Maurice Craig has delivered a warning message to those parents who seek to over-develop the minds of their children with a view to emulating these rarities.

Lecturing on "The Healthy Mind" at the Institute of Hygiene, Sir Maurice declared that little Marmaduke might be able to paint pigs before he is three, but he may not have the intelligence to feed them when he is thirty-three.

And if baby Etheldreda can play heavenly music at the age of five, the chances are that she will play like nothing on earth in later years.

"Intelligence," he said, "is far more important than education, which can be acquired at almost any time. Intensive pressure in early youth uses up the energy which should be spread over many years." This, he added, could be observed in all animal and vegetable life. The quicker a thing develops the quicker it dies.

Auto Tests Taken by Women of New Jersey

CAMDEN, N. J.—On all but three days of each month, West street, Camden, is just an ordinary street. But on those three days, the first, third and fifth Tuesdays—it bristles with onlookers, a line of automobiles and several men in blue uniforms, waving their arms and blowing whistles.

The men in uniform who wave their arms and blow whistles are policemen and the occupants of the automobiles are Camden ladies taking the test to drive an automobile. A state law requires that they take this test before getting their license to drive.

Jackie Coogan Doesn't Want to Remain With Movies All His Life

Here's what Jackie Coogan thinks about several things which a lot of people would like to know:

"Sure, I like the movies, but I don't want to stay in them all of my life."
"Both 'The Kid' and 'Peck's Bad Boy' were pretty good pictures, but I think most people liked the first one the best. 'Peck's Bad Boy' was made for boys and girls."

"Yes, I'm going to start work again—August 1," said Jackie, with all of the seriousness of a bank president. "You know Mother and Daddy have formed the Jackie Coogan Production company and we have to make five pictures a year."

Chinese Labor Strikes to Secure 8-Hour Day

By CHARLES EDWARD HOGUE
United Press Staff Correspondent
SHANGHAI, China—Paid agitators who have set the rest of the world on end through labor disturbances have awakened sleeping China and are today engaged in organizing what they hope will be a counterpart of the American Federation of Labor.

Twenty thousand working men are on strike in Canton today and nearly that many have quit their jobs in Shanghai.

Peking and Tientsin are to be the next points of attack and after that, if the preliminary movements against the employer in the larger cities are successful, the plan is to extend the propaganda to the smaller communities throughout the country.

That foreign methods have been adopted by the Chinese leaders is evident and there is a strong suspicion among the authorities that a foreigner is secretly directing the campaign. But thus far all efforts to discover the identity of the "Man Behind the Throne" have been unavailing.

Laundry workers who commit mayhem on soiled garments by processing them through a course of rock-pounding in muddy water at three coppers per garment were the first of the local workers to rise in their wrath and demand better treatment from their bosses. An eight-hour day, double pay for overtime, half-day holiday on Sundays and full pay for national and labor holidays were incorporated in their demands. The laundry owners were agast. They had never been up against a proposition like that before. Seldom had their menials dared to even raise their eyes to the higher-up, let alone demand or even beg better pay or working conditions.

"It can't be done," they wailed. "But it will be," grimly retorted the aroused employees. Whereupon they staged a parade demonstration and succeeded in calling out the carpenters, the masons, the cotton spinners and the sawyers. Daily other of the smaller craft are joining the ranks and what threatens to become a general strike is becoming more and more probable.

Movie Patrons Prove 'Honesty Best Policy'

HORNELL, N. Y.—Ninety-nine out of every hundred persons in the United States and everybody in Hornell is honest, according to Charles S. Smith, manager of a local moving picture theatre.

A new policy has been inaugurated at the theatre Smith manages. There are no ticket sellers or takers in the lobby. All persons are admitted free.

After viewing the show they walk to the door where a box with a slot in it has been installed. If they liked the performance they drop thirty cents in the box. There is no attendant to stop the patrons if they don't care to drop the money in the box. There is a girl stationed at a little booth just inside the lobby to provide change for the patrons who want the correct amount.

Manager Smith says that practically all the theatre patrons pay. The only ones who don't drop their money into the box, according to Smith, are the ones dissatisfied with the show.

WEST AFRICANS; DICTIONARY

The "educated" West African negro rivals the Babu in the artless art of misusing English polysyllables. As he appears also to nourish get-rich-quick ideas he bombards firms whose names he finds in the directory with proposals to do big business. A Manchester man who collects these epistles has just received one which winds up with "trusting you are to the same homogeneous category, yours equitably, T. E. Atkins."

An everbearing Valencia orange tree, which is destined to revolutionize the orange industry, has been discovered by horticulturists in a grove at Tampa. The tree is about fifteen years old and has been bearing continuously eight years and apparently authentic records indicate that at no time during the period has it failed to have fruit and blossoms at all stages of maturity. Everbearing Florida lemons have been common for many years.

WHAT IS 'PACIFIC QUESTION?' ASKS BARON HAYASHI

Japanese Ambassador, Great Britain, Gives Interview on Coming Conference

By LLOYD ALLEN
United Press Staff Correspondent
LONDON, July 20.—The Yip and Shantung settlements are accomplished facts and there is no need for a conference of the powers in connection with the proposed Washington disarmament parley, to revise them, Baron Hayashi, Japanese ambassador to Great Britain, declared today in an interview.

The ambassador discussed the linking of the "Pacific question" with the conference on disarmament. Stating that he was expressing his personal opinion, he declared that many things which might be considered under the general topic of the "Pacific question," already have been settled by the Versailles treaty.

Believes Solution Possible
He reiterated Japan's hearty willingness to discuss limitation of armaments.

"What is the 'Pacific question?'" he asked.

"What is to be discussed?" "That is the whole thing in a nutshell. Matters that possibly might be brought up as part of the 'Pacific question' already have been dealt with by the Versailles treaty."

"It is clear that such matters as Shantung, Yap, New Guinea and so forth, if raised, might result in a general conference on matters that have the status of accomplished facts."

The ambassador declared it was his opinion that a practical solution of all problems would be possible without interfering "with matters of principle already decided."

Huge Bridge Proposed Across Delaware River

PHILADELPHIA — Preliminary work on the world's largest suspension bridge—the Philadelphia-Camden Delaware river bridge—is expected to begin within the next few weeks, now that the final site for the structure has been decided on. The Philadelphia end of the bridge will be at Franklin Square, while the Camden end will be at Second and Pearl streets. Both ends are but a short distance from the main thoroughfares of the two cities.

The bridge, which will cost \$28,871,000, will have a span of 1,750 feet, 150 feet longer than the Williamsburg bridge, which is at present the largest. From approach to approach the bridge will stretch 8,190 feet, more than a mile and a half. It will be 125 feet wide in the center of the span and 135 feet above mean high tide.

The bridge is of the two cable suspension type, each cable to be 31 inches in diameter, with 16,531 wires 192 of an inch in diameter.

The first work to be done will be the construction of caissons in the Delaware river bed. Several streets will have to be widened and many buildings torn down to make way for the bridge. Engineers hope to have the bridge finished in 1925 or 1926. Opening exercises may be held at the Sesquicentennial celebration here in July, 1926.

Ralph Modjeski, chairman of the board of engineers for the bridge, declared the structure will be the "best bridge in the world." Modjeski, who was born in Poland and is the son of the late Helena Modjeski, famous actress, is one of the foremost civil engineers in this country.

Inability of the present system of ferries to handle the tremendous traffic between Pennsylvania and New Jersey at this point made the bridge necessary. The state of Pennsylvania will furnish \$8,273,500 of the cost of the bridge, New Jersey \$12,244,000, while Philadelphia will furnish the same as Pennsylvania.

Herds of Texas Cattle Menaced by Loco Weed

SAN ANGELO, Tex.—Texas cattlemen are again confronted with the dread loco weed, the eating of which causes thousands of casualties among the great cattle herds which roam the southwestern plains.

Loco weeds are to cattle what drugs are to the human system, according to recent investigations. The loco weeds thrive just before the spring grass sprouts and then again late in the fall. With little to graze upon cattle eat the loco weed, which is in appearance not unlike alfalfa, although its color is purplish. Cattle, once they eat the loco weed can satisfy their appetites with nothing else. They refuse to eat grass. The loco weeds have little nutriment. The cattle become thin from undernourishment and thousands die. What substance is contained in the plants that is poisonous has not yet been determined. One theory presented is that some animal parasite or small fungus hidden on the plant is responsible.

Building Service VERSUS Just Lumber

The old-fashioned term "lumber yard" doesn't fit our business at all. True, we have a "yard" but we keep our lumber in strictly weather-proof sheds, thus insuring the same better quality when the builder gets our materials as when we get them at the mills.

In our office is found the latest plans for modern and convenient homes—this department being supervised by an experienced architect who can draw up plans or change them to fit your individual needs.

The uniformity of Fox-Woodsum lumber makes it a material that mechanics love to work with. They know they can get better results with it, and they know you will be better pleased with their work when their jobs are done. Get the best your money will buy—

IRISH PEACE PLANS HANG IN BALANCE, IS DECLARED

If Conference Fails, War of Repression Will Be Started, It Is Claimed

By CHARLES M. McCANN
United Press Staff Correspondent
LONDON, July 20.—With the Irish peace negotiations quivering in the balance today, it was learned authoritatively that failure of the conference will be followed by an unparalleled campaign of military repression in Ireland.

If the present effort toward peace is unsuccessful every power of the government will be exerted to utterly crush the Sinn Fein. High officials informed the United Press that plans have been prepared which will virtually turn Ireland into a vast military prison, crushing the country's economic life and putting a tag on every Irish citizen.

The danger that the plans may become operative was shown in the attitude of the various conferees today. Premier Craig of Ulster was back in Belfast, with General Smuts on his trail, apparently in an effort to arrange his participation in some way in further negotiations.

Hesitate to Comment
Sinn Fein delegates here hesitated to comment on Craig's departure, after asserting that Ulster would demand recognition in the settlement.

Sinn Feiners did not know as to whether Sir James was talking for the benefit of Ulsterites or whether he had the approval of Premier Lloyd George of Great Britain. If the latter were the case, it was certain the Sinn Feiners would withdraw immediately from the conferences.

Meanwhile, Desmond Fitzgerald, chief propagandist for the Sinn Feiners has asserted positively that Ulster will not be admitted to the main conference, but will have to treat with southern Ireland after peace is arranged with Great Britain.

In view of the apparent deadlock British officials were serious in proceeding with plans for blotting out the Sinn Fein. Among these proposals are:

1—Declaration of martial law in all Sinn Fein sections.

2—Garrisons to be posted in all cities and towns and strong military forces put to patrolling the open country.

3—All Irish citizens, in England as well as in Ireland, to be registered, photographed and thumb-printed. All citizens would be compelled on demand to show their identification papers.

4—Extreme restrictions on even ordinary travel.

5—Summary action against disloyal government employees.

6—Passports to enter or to leave Ireland.

7—More drastic penalties for consorting with rebels.

8—Increased efforts to catch rebels "on the run."

To make certain that authorities get in touch with everyone in Ireland, dragnets will be thrown out so that a cordon of troops will sweep through every section.

Mystery Cleared From Tomb of John Calvin

GENEVA—The mystery which for three and a half centuries has surrounded the burial place of John Calvin, the great Genevese reformer, is about to be solved.

Calvin's historian, Theodore de Beze, recounts that it was his master's wish that no memorial should mark the place where he was buried. This wish was faithfully carried out and when Calvin breathed his last in May, 1564, his remains were interred in secret in the churchyard of Plainpalais, now within the city limits.

Since those days the secret of the tomb has been known to only one family, that of Speyr, of Balse, in which it has passed down from father to son with the injunction never to reveal it as long as there were descendants in the family. The last of the race, Eugene de Speyr, who is over 70 years old and lives at Avignon, in France, has just informed the consistory of the Protestant church of Geneva that, having no descendants, he desired to reveal the secret of Calvin's tomb, which was pointed out to him in 1860, by his grandfather.

A meeting was accordingly arranged a few days ago between M. de Speyr and representatives of the church and the cemetery was visited. Near the stone which bears the initials "J. C." as indication of the presumed site of the grave, M. de Speyr, after some search, pointed out where the tomb should be. The city authorities have given permission for the site to be explored.

Slayers' Age Prevents 2 From Being Hanged

SACRAMENTO, July 20.—California's anti-boy hanging bill saved the lives of William Henry Norris, alias Arthur Owen Davis, and Walter Lee Smith, Governor William D. Stephens announced through his office here in commuting the death sentences of both to life imprisonment. Both were under the age of 18 years when they committed murder.

A bill introduced by Assemblywoman Anna Saylor at the last legislature session prohibited the hanging of boys under the age of 18 years. The measure was passed and signed by the governor. It became effective July 19.

"It appears that condemned men in prison at the time the law goes into effect should come under its provisions," said Governor Stephens, in commuting the sentences of the condemned boys.

William H. Norris was convicted of the murder of Marshal John Rieves of Redding on January 9 of this year. Rieves surprised Norris when the latter was "boiling" dynamite in a wooded spot near Redding.

Walter Smith was arrested December 16 near King City, after the discovery of the body of an unidentified man. Smith was accused of beating the man over the head with a stick. His motive was robbery.

Railroad Finances Are Discussed by Cabinet

WASHINGTON, D. C., July 20.—Railroad finances were discussed at the White House by President Harding, Secretary of the Treasury Mellon, Secretary of Commerce Hoover and Senator Cummins of Iowa.

It was understood that the cabinet officers and senators took up a plan of paying the government debt to the railroads, at the same time allowing the railroads to fund their debt to the government so that it could be paid over a series of years.

CLASSIFIED
Herbert Hoover was talking at a Washington reception about his famous \$1000-a-plate dinner of rice, bread and cocoa, which netted several millions for Europe's starving children.

"I have eaten worse meals," he said. "Once at a dual dance, in London, I was making for the supper-room when I overheard a dialogue between two dancing partners."

"What did you think of the supper?" said the girl.

"Oh, quite good, what there was of it," said the young man. "I mean, plenty of it, such as it was."

It is estimated that nine-tenths of the coasts of the world are covered with sand.

Men as Vain as Girls, so Photographer Says

BUFFALO, N. Y., July 20.—Vanity isn't a matter of sex, according to President Howard D. Beach of the Photographers' Association of America, which met here today.

"Men are as vain as women," he declared.

"Men are just as anxious as women to obtain the pose which shows up their good points."

"Cut out the freckles," "Can you get rid of my double chin?" and "see if you can't make me look lighter," are expressions that come from male patrons as often as from the female.

"The men fuss with their ties, their hair and their mustaches almost as long as women do with their hair and their gowns."

"It's hard to flatter a patron, but we can add some improvements in the way of thinning fat faces, fattening thin ones, and putting in missing eyebrows."

NOT UNUSUAL

"The doctor said I must put down everything on the chart." "Well?" "The patient tried twice to kiss me. Must I put that down?" "I think not," said the kindly head nurse.

The jitney driver pocketed his fee and patted the sizzling hood affectionately. "The wages of tin," said he.

Dorothy Dalton Stars on Palace Grand Screen

Dorothy Dalton in a new Paramount photoplay, "A Romantic Adventure," will be the chief attraction at the Palace Grand theatre today only. The picture was adapted from Charles Belmont Davis' novel, "A Winter City Favorite."

Miss Dalton has the role of Alice Vanni, daughter of a New Orleans dancing master. She has been brought up by her father, the mother, a luxury-loving woman, having deserted them. After Professor Vanni's death, his wife, now known as Mrs. Martyn, reappears and takes Alice to New York to exploit her beauty and her talents as a dancer. Four years later, Alice, now a famous danseuse, is at Monte Carlo with her mother when she meets Maxwell, a poor but worth-while engineer. Mrs. Martyn desiring a wealthy match for her daughter, induces her to show interest in a Signor Castelli. After he has been trapped into a proposal, Mrs. Martyn tries to blackmail him. Alice, learning the truth, exposes her mother and seeks happiness with young Maxwell.

A return showing of Buster Keaton in "One Week" also features the bill. The music always equals the pictures in pleasure.

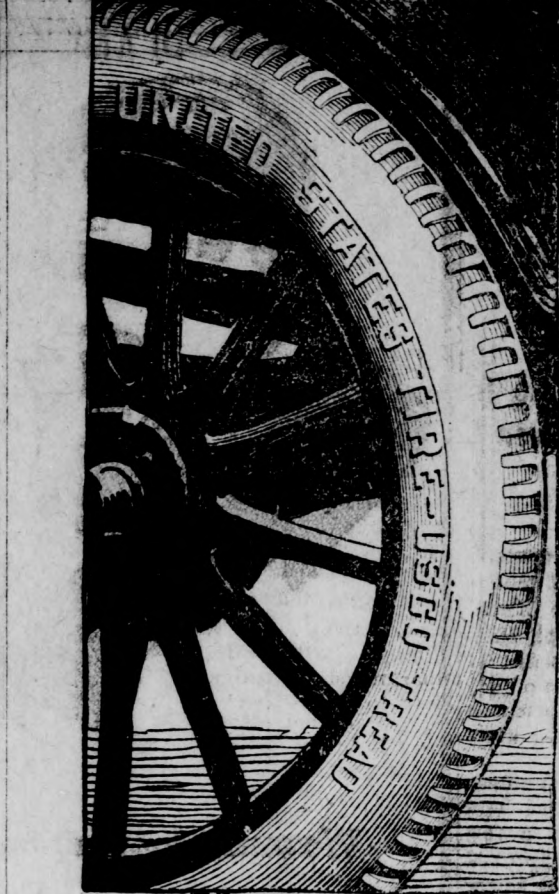

Spanking of Boy Ends With Police Riot Call

DENVER, July 20.—Spanking of Max Roth, 8, led to a police riot call and the arrest of four persons here.
Max hurled a rock through the window of F. J. Butler's drug store. Butler caught Max and spanked him soundly.
Then Max's father and big brother sought out Butler and thrashed him. When police arrived the entire neighborhood was in an uproar. The four principals were arrested and a crowd of friends were besieging Central police headquarters today in an effort to secure the release of young Max from the detention home.

Red Cross Undertakes Inquiry Into Pellagra

WASHINGTON, July 20.—Survey of the Pellagra stricken districts of the south was undertaken by the national headquarters of the Red Cross yesterday. Letters have gone to all local chapters in the south to ascertain what is being done to relieve the sweep of the disease which the public health service was warned will claim 10,000 lives this year alone. Officials of the health service declared near-famine conditions account for the spread of the disease.

Senator Arthur Capper has loaned out two hundred thousand dollars, without security, to boys to purchase pure-blood pigs. The boys become interested in their stock raising and remain on the farm. The senator is applying the same idea to chicken clubs with girl members and has already loaned fifty thousand to Kansas girls for purchase and development of purebred flocks.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots," "seconds," "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

Panama Government In Project for New Race

PANAMA — The government of Panama has sent special immigration agents to Czechoslovakia, Austria, Italy, Spain and the Canaries to induce farmers from those countries to come to Panama.

The government has begun the construction of 200 miles of highways in the most fertile parts of the interior, and intends to follow with several hundred miles more, with the idea of opening up the country. But after the roads are built (construction has begun and the money is in hand to pay the bills) they will not be used unless new inhabitants are brought into the country.

The native of Panama has his own farm and is living on it very contentedly, under primitive conditions in most cases, but conditions which are well adapted to the tropics and which suit him. He works little but lives well. His surplus produce is such as can conveniently be carried to a seaport on mule back, and he enjoys the weekly trip to the village.

But such people cannot develop a country, because they are too busy enjoying life. The idea of the government is to induce immigration of experienced farmers from the south of Europe, who are also hard workers, assign them land, secure them in their title, and even assist them with implements and seed for the first few years.

As white men these people will soon disappear, as white men are bound to do in the tropics, but their children will mix with the brown natives, and this mixture makes a strong race well adapted to the heat and bright light. This mixed race, known as morenos, is the strongest and best factor in Panama at the present time, and the government had in mind a far-seeing policy of perpetuating it.

Airplanes in their flight to the oil fields of Fort Norman so frightened the Indians that it was with difficulty they could be prevented from shooting at the "devil birds." At one settlement the entire populace took to the woods.

Expert Asserts Boys Are Best Immigrants

WINNIPEG, Man.—Boys make the best immigrants, according to T. E. Sedgwick of London who is in Canada to find farm homes for boys from English cities.

Sedgwick has been engaged in finding farm homes for English city boys in the colonies of the British empire since 1909. As the result of a personal visit to New Zealand, fifty farmers there agreed to take English boys to bring up on their farms. The boys were apprenticed to the farmers for three years. Their pay for the three years was deposited in a bank and at the end of their apprenticeship was turned over to them with the expense of their voyage deducted. The ages of the boys ranged from 16 to 20 years. The success of this experiment led to the establishment of several thousand English boys on farm homes in Australia. Three thousand boys were placed in Victoria, 1,500 in New South Wales, 300 in South Australia and several hundred in Queensland.

"Boys," said Sedgwick, "are splendid advertisements. Their letters home exploit the attractions of their adopted country in glowing terms. They are more adaptable than adults. They absorb the traditions and customs of a new country. They usually marry a woman of the country and often they bring out their parents and relatives to settle in the same neighborhood."

Sedgwick will endeavor to find homes for several hundred English boys among the farmers in the country of diversified agriculture in Canada.

Unrest Is Prevalent Among Jap Labor

By HENRY W. KINNEY
United Press Staff Correspondent

TOKIO.—After the great crop of strikes and other labor difficulties which culminated during the war years of prosperity, when the supply of labor was so far short of the demand that the workmen were able to enforce almost the demands they saw fit to make, the period following the slump which began in March of last year, was remarkably free from strikes. Unemployment became so common that workmen were afraid to lose their jobs, as they knew they could easily be replaced. During recent months, however, strikes have become common again, and the movements of the workmen are marked by a growing desire for what they call "direct action." While this term, as used here, is not as sinister as might be believed, it is evident that the workers are showing a tendency towards opposition to constituted authority, and the police authorities are worried considerably thereby.

Socialist gatherings are constantly being broken up, although they appear to be no more dangerous than are many such movements which are allowed to pass unchallenged elsewhere, and socialists and labor leaders often find themselves under watch by detectives and are frequently hauled to police stations for explanations. In Osaka the electric light station workers recently went on strike, leaving the Chicago of Japan in darkness, and several clashes occurred between thousands of strikers and their sympathizers with the police, in the course of which many were injured. The red flag is often displayed and the old-time feudal respect for the police is rapidly disappearing.

The unrest and growing disregard for government authority is also showing up conspicuously among the students of various institutions and strikes on the part of student bodies have been frequent.

of students and laborers, are not as yet dangerous in themselves, they indicate plainly a steadily swelling tide of unrest, but while the authorities are only too well aware of this, the means of which they take to stem it have so far been utterly ineffectual.

In Tokio, the capital of Japan, with a population of 2,700,000 souls, there are only 5000 automobiles.

SLUDGE SEWER PLAN IS APPROVED BY HEALTH BOARD

System Proposed for Use In Verdugo Woodlands Given Approval of State

With the city of Glendale contemplating the use of an activated sludge sewage system in Verdugo Woodlands district, word that Ralph Hilscher, director of the state board of health, already has planned two such systems which are now in operation in other places, comes as good news to local officials.

R. F. Goudey, assistant engineer of the state health board, was here over the week-end and with a few minor suggested changes approved the plans for business district sewer system which involves the use of septic tanks and cesspools. He also visited the Verdugo Woodlands district where the success of a disposal plant means much to the future of Glendale.

It is believed that similar activated sludge sewage units will solve the question facing the city at large, according to City Manager T. W. Watson. It is his hope to have the co-operation of the state authorities in making the Woodlands unit a complete success.

Modern Equipment for Evening News Plant

In keeping with the most modern and efficient mechanical department of any daily newspaper, The Glendale Evening News has installed a copy desk and "type dump" in the composing room which compares with those of the metropolitan offices. It is the handwork of E. N. Davis, a cabinet maker residing at 456 West Windsor Road. The five imposing stones, accommodating twenty pages at a time, have been rearranged so as to make the newspaper department one of the handiest workrooms possible.

The same efficiency which is noticeable in the building and business office of The Glendale Evening News is being maintained in all departments. Visitors will be shown through the office any time between 6:30 a. m. and 9:30 p. m.

Verdugo Woodlands Has Health Giving Climate

Glendale people do not fully appreciate the wonderful summer climate to be found in Verdugo Woodlands, according to J. B. Rainey of New York City who was a visitor in that section yesterday.

For thirty-three years he was a sufferer from chronic bronchitis while conducting a tailoring business in the eastern metropolis. He was brought to California on a stretcher, but to see him enjoy the cool languid breezes and summer sunshine, one would think he had never seen a day's sickness.

He is so pleased with Glendale that he is inducing his son to move here from New York.

Georgie Woodthorpe Has Lead In Feature

Georgia Woodthorpe, whose name in real life is Mrs. Georgie Woodthorpe Wallace, a resident of 911 North Melrose avenue, is now playing a leading role in a super-feature which John W. Stahl is producing for Louis B. Mayer. Mrs. Wallace was selected for her part after all of the famous "mothers" of the screen had either been tried out or found impossible to secure. The local star can boast of being a grandmother both in real life as well as real life, yet the movies are nothing "impossible" for her years. In fact, they only recall pleasant memories of years tramping in the good old days.

Cleo Ridgely Engaged for Picture Production

Cleo Ridgely, better known as Mrs. James W. Horne of 1445 Valley View road, North Glendale, has been specially engaged by Famous Players-Lasky at the latter's studio in Hollywood to play with Will Carleton in support of Betty Compson. Their starring vehicle is "The Woman in the Case," which is being directed by Penrhyn Stanlaws, famed for his illustrating.

'Down Home' Featured at Glendale Theatre

These days the motion picture that appeals to the eye alone is in a large majority. The beautiful female star trailing gracefully in gorgeous gowns and wraps and negliges has been in the ascendancy for a long time. But the big, human, sympathetic American public is always grateful for photoplay which is broad enough to make an appeal to the heart and mind as well as to the eye.

Such a picture is "Down Home," the first independent production to be made by Irvin V. Willat, now at the Glendale Theatre today and tomorrow. "Down Home" is an adaptation of the Frank N. Westcott novel, "Danby Todd," which has been read and enjoyed by thousands since it was published four or five years ago. It is a story that embodies all the emotions of which human mind and heart are capable. It makes you laugh, and it makes you cry—it makes you think of the many vicissitudes life holds for some of us, and then it makes you realize that we can make a stepping stone to higher things out of each trial. In other words, "Down Home," teaches a lesson that we should all be the stronger for having learned.

There are several high lights in the presentation of "Down Home." But perhaps the brightest of all is the unforgettable acting done by William Robert Daly, when, as the poor, weak old man who has tried so hard to escape from the curse of drink for the sake of his devoted daughter, he gets up before the whole world that knows him, and, with tears streaming down his worn old cheeks, brokenly acknowledges his love for the God he has so long ignored. And Leatrice Joy as the self-sacrificing Nancy, who does everything in her power to help her father, and Edward Hearn as the faithful Chet, keep up the same high standard.

"Verse and Verse," a two-reel comedy featuring Jack Cooper; scenic "Joy Rides in Peru" and the latest Pathe News are additional attractions that make a big show for the two days.

U. S. Senate Will Be Given Representation

WASHINGTON, July 20.—The United States senate is certain to be represented on the American delegation at the forthcoming disarmament conference, it was stated definitely on high authority. Just what senator or senators will be named on the American delegation was not revealed. Senator Borah, Lodge and Knox have been mentioned.

It was also stated that a decision has not yet been reached on whether members of both political parties will be named to the delegation. The decision for representation of the senate was regarded as an intention on the part of President Harding to avoid any conflict with that body in reaching a possible agreement with other nations, such as President Wilson experienced.

Old rose silk and white wool are combined in one sports model. The skirt is pleated and the waist embroidered in conventional design.

A costume which is extremely popular is the black crepe frock and coat with borders formed of ends of grosgrain ribbon.

The lowly cornucopia can be made into many useful articles, due to a set of discoveries made in the bureau of chemistry of the department of agriculture. After a high-grade adhesive is removed, pure cellulose, a very good quality of paper and valuable lime products are recovered from the residue.

The navy department has asked for sealed bids on a piano from the president's yacht, Mayflower. So many offers have been made for the old instrument by hunters of historical curios that this procedure was necessary to give everybody a chance. A new concert grand is replacing the old one.

SPECIAL NOTICE

An Important New Factory For Los Angeles.

I want my fellow townspeople to have an opportunity to share the substantial profits that will be made by the Modern Glass Hollowware Factory being erected at Richmond and Daly Streets. Every member of the Executive and Sales forces have made substantial investments in the Company's stock. The foremen, mechanics and operators are all stockholders—these workers have purchased \$83,000.00 of the Company's stock. The Management and also all important workmen have had over 20 years' successful experience in the line out here on the Coast. There has been no promotion stock issued and no commissions paid for selling stock—every nickel has gone into the treasury. Here is an exceptional opportunity to "Boost" Southern California and enjoy large earnings while doing so.

The Factory is nearing completion—let me drive you over to the plant on a tour of inspection and give you detailed information about this much needed sound industry. It will be a pleasure to call and see you. Please write or phone.
